Dear Friends and Colleagues,

Following the momentum of previous scientific meetings organized by Episirus Scientifica, the 2027 World Conference on Interventional Pain Medicine & Neuromodulation (2027WIPN) will bring together specialists, clinicians, researchers, and healthcare professionals through a hybrid format on September 16-17, 2027, with in-person participation in Singapore and virtual participation for delegates worldwide.

With a focus on advancing scientific exchange and encouraging international collaboration, 2027WIPN will provide a dedicated platform for sharing knowledge, clinical experience, emerging research, and new developments across interventional pain medicine and neuromodulation.

The conference aims to provide participants with valuable insights into current research, treatment approaches, technologies, and clinical practices through a comprehensive scientific program led by experts in pain medicine and neuromodulation. The program will include plenary sessions, scientific presentations, interactive discussions, poster presentations, and opportunities for professional exchange across key areas of the field.

Delegates will also have opportunities to explore emerging industry innovations, connect with peers and specialists from around the world, and build new professional and research collaborations.

Join us at 2027WIPN for two days of scientific exchange, professional networking, and discussions focused on the present and future of interventional pain medicine and neuromodulation. We look forward to welcoming you whether you join us in Singapore or participate virtually from anywhere in the world.

Sincerely yours,
Dr Balasaheb Bande

Organizing Committee Member

WELCOME MESSAGE

EPISIRUS SCIENTIFICA®
A Path For Discovery

Dr. Michael Sutherland
Senior Intensivist at Coffs Harbour Hospital,
New South Wales, Australia

Dear Colleagues,

It is my great pleasure to welcome you to the 2027 World Conference on Interventional Pain Medicine & Neuromodulation (2027WIPN), taking place in a hybrid format on September 16–17, 2027, with participants joining in person in Singapore and virtually from around the world.

Singapore provides an inspiring setting for this international gathering-a city recognized for its advanced healthcare ecosystem, scientific innovation, global connectivity, and cultural diversity. It reflects the spirit of 2027WIPN, where professionals from around the world will come together to exchange knowledge, clinical experience, and new perspectives in interventional pain medicine and neuromodulation.

This conference offers an important opportunity to learn from diverse expertise, discuss emerging approaches and technologies, strengthen our understanding of evolving practices in pain management, and develop meaningful professional and scientific collaborations.

Every contribution is valuable. I look forward to the ideas we will exchange, the discussions we will have, and the connections we will build throughout the conference. Beyond the scientific program, I also encourage you to experience Singapore's distinctive combination of modern innovation, multicultural heritage, renowned cuisine, and iconic destinations.

Join us for two days of learning, collaboration, and professional exchange focused on advancing the future of interventional pain medicine and neuromodulation.

Welcome to 2027WIPN - whether you join us in Singapore or online.

Sincerely yours,
Dr. Michael Sutherland

Congress 2027WIPN | Singapore

INVITATION

2027 WIPN

Dear Colleagues,

Episirus Scientifica warmly invites you to attend the 2027 World Conference on Interventional Pain Medicine & Neuromodulation (2027WIPN), taking place in a hybrid format on September 16-17, 2027, with in-person participation in Singapore and virtual participation worldwide.

The conference will bring together pain physicians, interventional specialists, neuromodulation experts, clinicians, researchers, and healthcare professionals from around the world to share scientific knowledge, clinical experience, emerging research, and advances in pain medicine.

The program will include keynote lectures, scientific sessions, oral and poster presentations, interactive discussions, and networking opportunities focused on the future of interventional pain medicine and neuromodulation.

Join us in Singapore or participate virtually from anywhere in the world for two days of learning, collaboration, and professional exchange.

Sincerely,
2027WIPN Organizing Committee

ABOUT US

Episirus Scientifica

Episirus Scientifica (ES) is initiated to meet a need and to pursue collective goals of the scientific community specifically focusing in the field of Sciences, Engineering and technology to endorse exchanging of the ideas & knowledge which facilitate the collaboration between the scientists, academicians and researchers of same field or interdisciplinary research. Episirus Scientifica (ES) group is proficient in organizing conferences, meetings, seminars and workshops with the ingenious and peerless speakers throughout the world providing you and your organization with broad range of networking opportunities to globalize your research and create your own identity. Our conference and workshops can be well titled as 'ocean of knowledge' where you can sail your boat and pick the pearls, leading the way for innovative research and strategies empowering the strength by overwhelming the complications associated with in the respective fields.

Participation from 60 different countries and 500+ different Universities have contributed to the success of our conferences.

Our first International Conference was organized on Heart & Neurology in Bangkok, Thailand. Our conferences usually run for 2-3 days completely covering Keynote & Oral sessions along with workshops and poster presentations. Our organization runs promptly with dedicated and proficient employees' managing different conferences throughout the world, without compromising service and quality.

Our Registered Office Address:
1521 Concord Pike Ste 301 #246 Wilmington, DE 19803, USA

About 2027WIPN

2027WIPN – Hybrid Conference | Singapore + Virtual

The 2027 World Conference on Interventional Pain Medicine & Neuromodulation (2027WIPN) is an international hybrid conference bringing together pain specialists, clinicians, researchers, healthcare professionals, and medical technology experts from around the world. The conference will be held on **September 16–17, 2027**, with participants joining in person in Singapore and virtually from around the world.

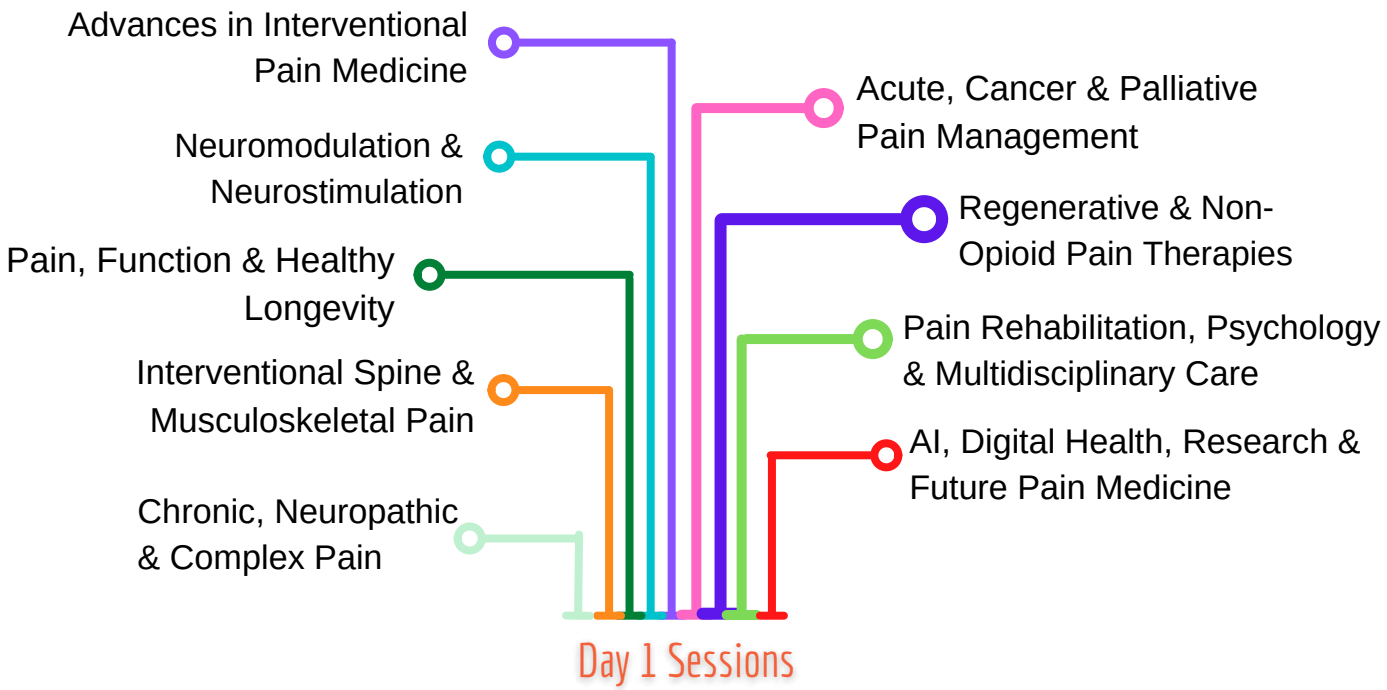

Under the theme "**The Future of Pain Medicine: Innovation, Intervention & Neuromodulation for Healthy Longevity**," 2027WIPN will focus on advances in interventional pain management, evidence-based procedures, neuromodulation technologies, and patient-centered approaches to pain care.

The two-day scientific program will feature keynote presentations, scientific sessions, panel discussions, case-based presentations, oral presentations, and poster sessions, creating opportunities for specialists and researchers to exchange clinical knowledge, research findings, and practical experience.

Key areas will include interventional pain procedures, spinal cord stimulation (SCS), peripheral nerve stimulation (PNS), dorsal root ganglion stimulation (DRG), radiofrequency procedures, minimally invasive pain interventions, and emerging neuromodulation technologies.

Through its hybrid format, 2027WIPN will provide opportunities for professional networking, research collaboration, and knowledge exchange by connecting professionals from clinical practice, academia, research, and the medical technology sector both in Singapore and online.

PRELIMINARY SCIENTIFIC PROGRAM

DAY 1: September 16, 2027 — **Hall : To be Announced**

Registration	Opening Ceremony

KEYNOTE FORUM

Group Photo Session

Networking and Refeshment Break

Symposium

Speaker Sessions

Session Chair | Session Co-Chair

Session 1	Advances in Interventional Pain Medicine		
Session 2	Neuromodulation & Neurostimulation		
Session 3	Acute, Cancer & Palliative Pain Management		
Session 4	Interventional Spine & Musculoskeletal Pain		
Session 5	Chronic, Neuropathic & Complex Pain	Session 6	Pain, Function & Healthy Longevity

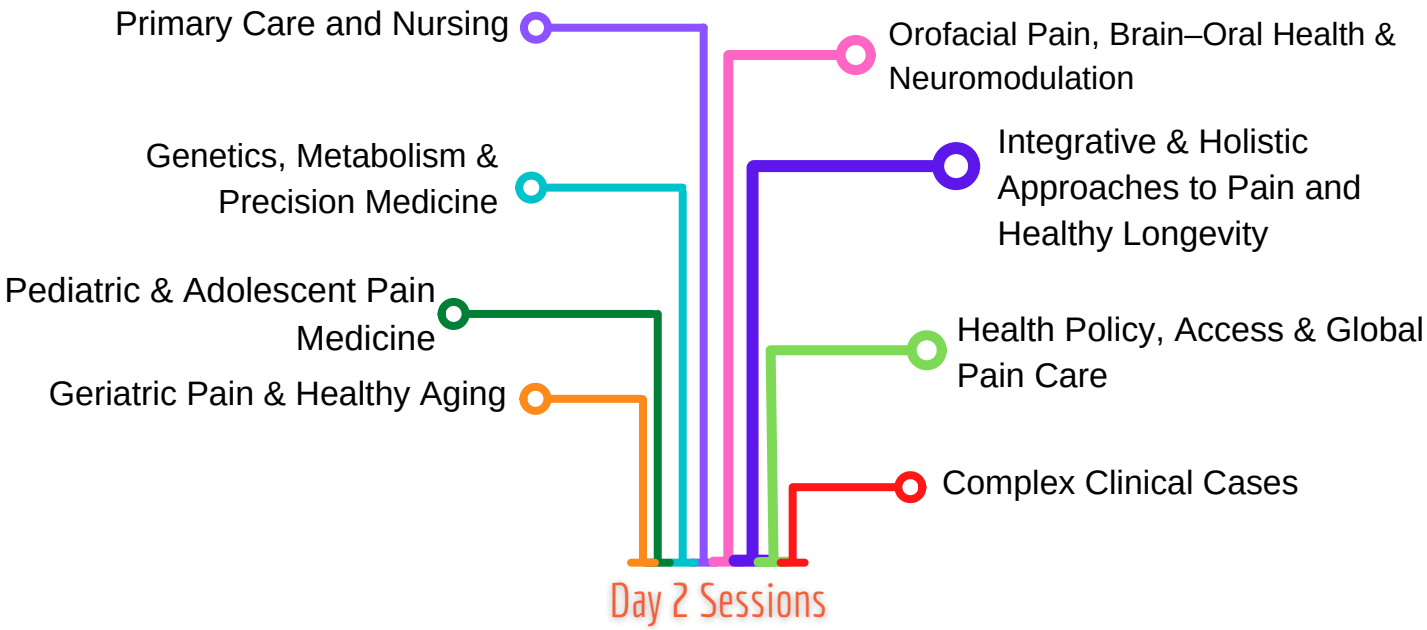

Lunch Break

Session 7	Regenerative & Non-Opioid Pain Therapies
Session 8	Pain Rehabilitation, Psychology & Multidisciplinary Care
Session 9	AI, Digital Health, Research & Future Pain Medicine

Networking and Refeshment Break

Pannel Discussions

END OF DAY 1

DAY 2: September 17, 2027 — Hall : To be Announced

Registration	Opening Ceremony

KEYNOTE FORUM

Group Photo Session

Networking and Refeshment Break

Workshop Session

Speaker Sessions

Session Chair | Session Co-Chair

Session 10	Health Policy, Access & Global Pain Care		
Session 11	Integrative & Holistic Approaches to Pain and Healthy Longevity		
Session 12	Orofacial Pain, Brain-Oral Health & Neuromodulation		
Session 13	Geriatric Pain & Healthy Aging	Session 15	Primary Care and Nursing
Session 14	Complex Clinical Cases	Session 16	Pediatric & Adolescent Pain Medicine

Lunch Break

Session 17 — Genetics, Metabolism & Precision Medicine

Pannel Discussions

Networking and Refeshment Break

Young Researcher Forum	Poster Session

Award Ceremony

END OF DAY 2

DEADLINES:

ABSTRACT SUBMISSION
March 20th, 2027

EARLY BIRD REGISTRATION
Feb 28th, 2027

SPEAKER REGISTRATION
March 30th, 2027

DELEGATE REGISTRATION
July 30th, 2027

GUIDELINES

Before you begin, please prepare the following information:
Presenting author's contact details:
Email address, Full postal address, Daytime and evening phone number

Presentation type :
Please choose from one of the following:
Poster presentation, E-poster presentation, Oral presentation
Video presentation

Author and co-authors' details:

- Full first and family name(s)
- Affiliation details: department, institution / hospital, city, state (if relevant), country
- Abstract title– limited to 30 words in Title Case
- Abstract text– limited to 250-300 words
- Tables– A maximum of 3 tables of up to 10 rows x 10 columns can be included per abstract
- Graphs and images– It is important to note that each image included in the abstract is worth 30 words. A maximum of 3 images can be included per abstract. You may upload graphs in JPG, GIF or PNG format.

Please note that abstracts must be SUBMITTED before the deadline in order to be sent to review for inclusion in the Scientific Program.

Reviewing:
All abstracts will be forwarded for the Scientific Committee's review. If an abstract is accepted, the presenting author must register.
Authors who submit an abstract but fail to register by **April 30, 2027** run the **risk of having their abstracts withdrawn**.
Letters of acceptance will be send once your abstract has been reviewed and accepted. If you have not received any notification, please contact the program manager: **info@worldpainmedicine.org**

Consent to upload Abstract, Presentation Material or lecture's video:
The Conference reserves the right to publish on the conference website:

- Some or all abstracts in HTML or PDF format
- Some or all of the presentations in PDF format
- Some of all recordings/videos/photographs of the lectures

EPISIRUS SCIENTIFICA EVENT (ESE) AMBASSADOR REFERRAL PROGRAM

Be an ESE 2027 WIPN Ambassador and earn FREE Registration!
-Refer one new participant and you BOTH receive 15% OFF on Registration.
-Refer eight or more new participants and your 2027 Conference Registration + Accommodation will be FREE + Earn Gifts for your referred participants.

Who makes ESE strong? YOU.
-You make ESE the largest voice in scientific conferences in the world.
-You know the value of scientific conferences and can share it with your colleagues.
-You can encourage them to join ESE to maintain the influence of the medical and scientific community.

Top 3 Reasons to Refer Participants:
-Create a stronger community of peers to collaborate with
-Increase your network to become a leader in your workplace/academic institution
-Referring Participants is FUN and EASY!

The Rules: The ESE Ambassador referral program is designed to encourage current participants to spread the word about the value of ESE conferences.

Additional Benefits: Per Year, Top 3 Conference Ambassador will receive:
Travel Reimbursement*
Best Conference Ambassador Award

This offer expires **June 30th, 2027**.

For more details Please Visit: https://worldpainmedicine.org/ambassador/

VENUE AND HOSPITALITY

Venue : Singapore

Guide to nearby sightseeing spots

Singapore offers delegates a mix of modern architecture, cultural districts, green spaces, and waterfront attractions. During your stay, you can explore Marina Bay, Gardens by the Bay, Merlion Park, Chinatown, Clarke Quay, Singapore Botanic Gardens, and Sentosa Island.

With its compact city layout and efficient public transportation, many of Singapore's major attractions are easily accessible by MRT, bus, or taxi, giving participants an opportunity to experience the city alongside the 2027WIPN scientific program.

Transportation

How Can You Reach Singapore / City Centre:

- From Singapore Changi Airport, take the MRT toward the city centre. Travel time is approximately 40–50 minutes, depending on your destination and transfers.
- Taxis and ride-hailing services are available from all Changi Airport terminals. Travel to central Singapore generally takes around 20–30 minutes, depending on traffic.
- Airport transfer services can also be arranged for convenient travel directly to your hotel or conference venue.
- Singapore's MRT network provides convenient connections between major hotels, business districts, attractions, and conference areas.
- Public buses and taxis are widely available throughout the city for local transportation.
- Delegates staying in central Singapore can easily access popular areas such as Marina Bay, Orchard Road, Chinatown, and Clarke Quay using public transport.

Explore Singapore

Singapore offers much more beyond the conference experience, with a distinctive mix of modern landmarks, cultural neighbourhoods, green spaces, shopping, and world-renowned cuisine. Delegates attending 2027WIPN can use their time in the city to explore some of Singapore's most memorable destinations and experience its multicultural character.

From the spectacular waterfront views of Marina Bay and the futuristic landscapes of Gardens by the Bay to the heritage streets of Chinatown, Little India, and Kampong Glam, the city offers a wide variety of experiences within a compact and easily accessible area. Visitors can also explore Sentosa Island, Singapore Botanic Gardens, Orchard Road, Clarke Quay, and Jewel Changi Airport.

Singapore is equally known for its diverse food culture. Traditional hawker centres, local cafés, international restaurants, and fine-dining destinations offer delegates an opportunity to experience cuisines influenced by Chinese, Malay, Indian, and international traditions.

With an efficient MRT and public transport network, many attractions can be reached conveniently from major hotels and conference areas. Delegates can easily combine the scientific program of 2027WIPN with sightseeing, cultural experiences, shopping, dining, and leisure during their stay.

Whether exploring the skyline at Marina Bay, discovering local heritage districts, enjoying Singapore's gardens, or experiencing its celebrated culinary scene, 2027WIPN delegates can make their visit to Singapore both professionally valuable and personally memorable.
